Comments:	
<p>This inspection was conducted with Diane Boisclair (EPA), Nate Sands (VT Agency of Ag.) and Marli Rupe (VTDEC). Manure pit at the main farm was full/no freeboard (contents have not land applied since May due to a month of heavy rains); owner expects to land-apply this month after the second cut is completed. At the heifer facility across the street, a pile of manure was observed built-up outside the manure pit at the entrance ramp. Inspectors suggested removing this pile to avoid runoff flowing into a nearby unnamed ditch/stream.</p>
